Route description

You have come to the old baroque town Požega. At the heart of Slavonia at an altitude of 152 meters, there is a county seat town of Požega.

Požega has a long history and culture that goes back to the Middle Ages (13th century), and thus becomes interesting to travelers and tourists.

Požega has retained its medieval street layout, with dominant medieval square emerged in the intersection of four access directions (the largest medieval square in Croatia), located close to the northern slopes of Požeška mount. North of the square to the former Stone Gate (demolished in the 19th century) led three characteristic mutually parallel streets of which are still central (Cehovska – Svetog Florijana), western (Županijska) and part of the east along square Trg svete Terezije.

With this arrangement you will enjoy three days where you spend time on the bike, with the cuisine of Požega and Požega valley, but also feel the charm of the Park Nature Papuk. The arrangement lasts for three days and it will be a chance to meet the gastronomic and cultural offer of the town of Požega and Park Nature Papuk.
