Route description

You have come to the old baroque town Požega. At the heart of Slavonia at an altitude of 152 meters, there is a county seat town of Požega.

Požega has a long history and culture that goes back to the Middle Ages (13th century), and thus becomes interesting to travelers and tourists. Požega has retained its medieval street layout, with dominant medieval square emerged in the intersection of four access directions (the largest medieval square in Croatia), located close to the northern slopes of Požeška mount. North of the square to the former Stone Gate (demolished in the 19th century) led three characteristic mutually parallel streets of which are still central (Cehovska – Svetog Florijana), western (Županijska) and part of the east along square Trg svete Terezije.

On this track you will see the northwestern part of Požega surrounding, beautiful countryside, fields, oak forests, orchards, ...

By cycling you will come to the restaurant Zlatni Lug, where you can enjoy the Slavonian specialties, and spend the night.

After that, by driving on asphalt and a small slope, we will come to eco farm Zlatni Lug where you can rest from pedaling, refresh, take a walk through the educational path or ride a bike.

We will continue driving through Nova Lipa, Stara Lipa, Jaguplije, and we will reach the place Skenderovci with family farm Voćarstvo Boić dealing with farming and processing apples, production and sales of fruit juices from apples, and the production and sale of apple chips.
